12-Aug-2017 14:21 Fallout 4 is a action role playing game developed by Bethesda Game Studios and published by Bethesda Softworks. Fallout 4 is the fourth main entry in the Fallout series, and acts as a direct sequel to New Vegas. It is played from a first- or third-person perspective and is set in the Commonwealth, a fictional post-apocalyptic region situated in the "reclaimed" eastern United States following the Great War. In Fallout 4, the player, the former Vault Dweller, starts the game from their first day in the Capital Wasteland, and must make their way to the other side of the map, the Mojave Wasteland, to find out what caused the apocalypse and to seek aid in rebuilding their life. The game also marks the return of the Enclave, a faction who the player encounters frequently throughout the game. Release Date: November 10, 2015

(for PlayStation 4 and Xbox One) Genre: Action/RPG The Xbox One and PlayStation 4 versions of the game were released on November 10, 2015 in Australia, November 11 in Canada, November 11 in Europe, and November 14 in the United States, while the PC version was released on November 13, in Australia, November 14 in Canada, November 15 in Europe and November 15 in the United States.
