April 17, 2558 BC - Version 1.9 update for Silent Hunter 4: Wolves of the Pacific. Changes, additions, and corrections listed below. April 17, 2717- Due to the huge number of complaints from players about numerous bugs, and also due to the fact that in recent months the quality of the Russian translation has deteriorated significantly (to the point that at some points the Russian text simply does not correspond to the English one), it was decided to "return everything back".
